The Collection

Curtains, blinds and shutters, made to measure and installed by our team.

WELCOME TO ATLAS

Made to measure, and installed by our own team.

Atlas Blind & Curtain supplies and installs curtains, roller blinds, plantation shutters and Veri Shades for homeowners, builders and developers. We make our curtains and roller blinds ourselves, in Australia, using fabrics and hardware from suppliers we trust.

Take your time with these pages, then ask to see the samples. Seeing a fabric in real light is the best way to choose.

How it works

01 Choose

See fabrics, colours and finishes in our showroom.

03 Make

We make curtains and roller blinds ourselves, to measure.

02 Measure

We measure on site, or from drawings for new builds.

04 Install

Our installers fit everything and show you how it works.

CURTAINS

MADE BY US IN AUSTRALIA

Soft light by day, privacy by night.

Sheers soften daylight and keep your view. Blockouts darken a room for sleep. Have one, or both on a double track, hand-drawn or motorised.

Sheer

Soft, filtered light with privacy during the day.

BEST FOR

Living and dining rooms

Blockout

Blocks light for better sleep and clearer screens.

BEST FOR

Bedrooms, nurseries and media rooms

Sheer + blockout

Both on a double track: sheer by day, blockout at night.

BEST FOR

Bedrooms and living rooms

Heading styles

S-Wave

Inverted pleat

Double pinch pleat

Triple pinch pleat

CURTAIN FABRICS

Our most popular fabrics.

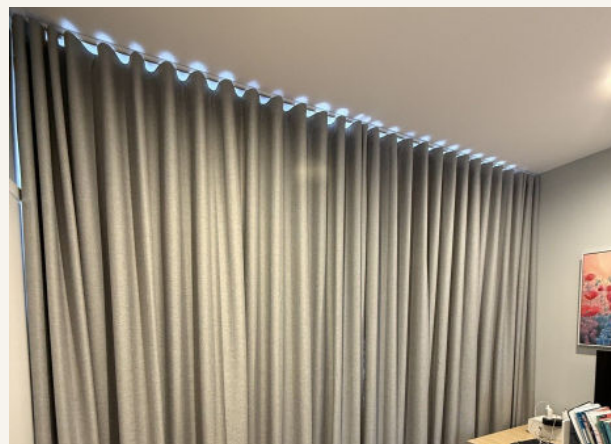

SHEER

Bali

Our most popular sheer. A soft linen look, and wide enough that most windows need no joins.

Look	Linen texture, 100% polyester
Width	330 cm wide
Finish	Weighted hem, flame retardant

BLOCKOUT

Kirra

Our most popular blockout. Soft neutral tones with a subtle woven texture that suits any room.

Look	Fine, linen-like crosshatch
Colours	Ivory, beige, grey, charcoal
Best for	Bedrooms and media rooms

CURTAIN TRACKS

Oslo curtain hardware

Tracks in white, black, champagne and platinum, including a rod-look track with finials. Hand-drawn or motorised.

ALSO IN OUR SAMPLE LIBRARY

Ozepel

WARWICK

VERTEX

ROLLER BLINDS

MADE BY US IN AUSTRALIA

Clean lines and complete control of light.

They sit neatly in or over the window frame. Choose blackout for bedrooms, light filtering for a soft glow, or sunscreen to keep the view.

Double roller blinds

Sunscreen and blackout on one bracket: less glare by day, darkness at night.

BEST FOR

Bedrooms, living rooms and meeting rooms

Our favourite fabrics

SHAW
Performance Fabrics

BLOCKOUT

Vibe

100% blackout. PVC-free, easy to clean, and resists fading and mould.

BLOCKOUT · LIGHT FILTERING

Le Reve

An elegant woven texture with a colour-matched back, 3 m wide.

BLOCKOUT · LIGHT FILTERING

Mantra

A striking jacquard in multi-tone colours for modern rooms.

SUNSCREEN

Aventus

Cuts glare and keeps the view. Choose 3%, 5% or 10% openness.

Chain-operated blinds are fitted with a child-safe chain tensioner, as Australia's mandatory safety standard requires. Prefer no chain? See Motorisation, page 08.

PLANTATION SHUTTERS

Tilt the blades. Keep the view.

Angle the blades to fine-tune light and privacy, or open the panels fully for fresh air.

Choose your material

PVC

Waterproof and wipe-clean, ideal for bathrooms, laundries and wet areas.

Painted timber

Lightweight timber with a smooth painted finish for a crisp, classic look.

Timber

A natural timber finish that shows off the grain. Warm and timeless.

IMPORTED

8–10 weeks

Typical lead time

AUSTRALIAN MADE

3–4 weeks

Typical lead time

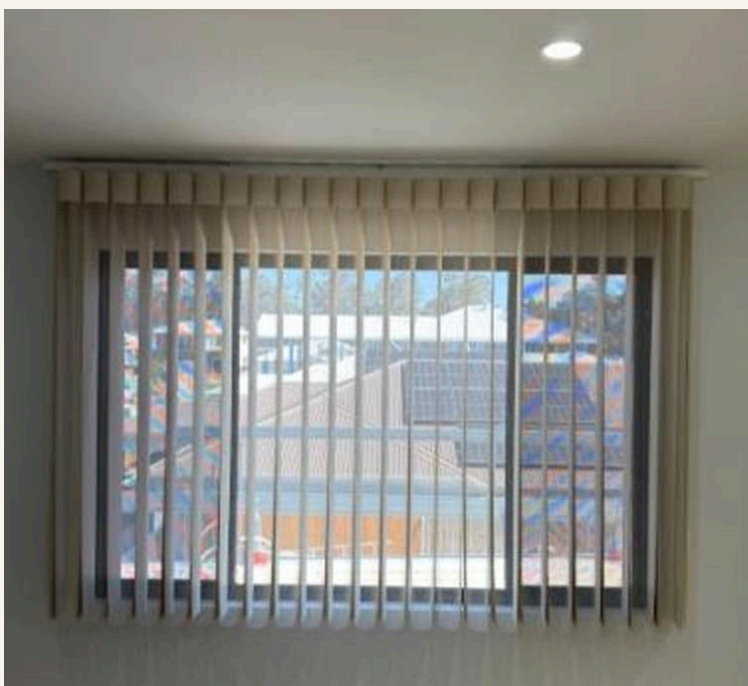

VERI SHADES

Sheer and opaque in one curtain.

Veri Shades combine the soft look of a curtain with the light control of a blind. Turn the wand to switch between sheer and opaque, or draw them right back.

The Veri Shades display in our showroom.

Veri Shades in a Doolandella home.

Why customers choose them

- ✓ Sheer or opaque at the turn of a wand
- ✓ Walk through them, open or closed
- ✓ UPF 50+, fade and soil resistant
- ✓ One track instead of two
- ✓ No cords, so safe for kids and pets
- ✓ Spans windows up to 6 m wide

Great for sliding doors

You can walk straight through them, so there's no need to open them first.

MOTORISATION

At the press of a button.

Motorised curtains and blinds open and close on their own. Ideal for high windows, large glass doors and rooms you want to set all at once.

FEATURED CURTAIN MOTOR

Automate Versa

Runs on a rechargeable battery or mains power, and moves curtains up to about 11 m wide and 50 kg.

- ✓ Gentle pull starts it
- ✓ Soft start and stop
- ✓ Three speed settings
- ✓ USB charging
- ✓ Battery check by remote
- ✓ Ceiling-recess mounting

FEATURED ROLLER BLIND MOTOR

ShawSmart AM28

AC (240 V, hardwired) or DC (rechargeable battery, wire-free) versions.

- ✓ Built-in radio receiver
- ✓ Electronic limits
- ✓ Obstacle detection
- ✓ Quiet, under 40 dB
- ✓ Zigbee smart-home ready
- ✓ Small to medium blinds

Specifications shown are for the AC model.

Power options

Rechargeable battery

No wiring needed, so it suits homes you already live in.

Hardwired 240 V

Runs from mains power. Best planned into a build or renovation, with wiring by a licensed electrician.

SMART CONTROL

Control it your way.

Use a remote or a wall switch, or your phone and voice through a smart hub.

REMOTES AND SWITCHES

A remote for every room

From a simple one-blind remote to multi-channel models that move a whole room at once.

Prefer a switch? Wall switches can sit beside your light switches.

SMART HUB

Automate Pulse PRO

Adds app and voice control, advanced automation and Matter compatibility, with reliable long-range performance.

Motors we install

Automate motors for curtains and blinds, including Versa.

ShawSmart

Australian-designed, rechargeable or hardwired.

Australian brand, from sheers to heavy blinds.

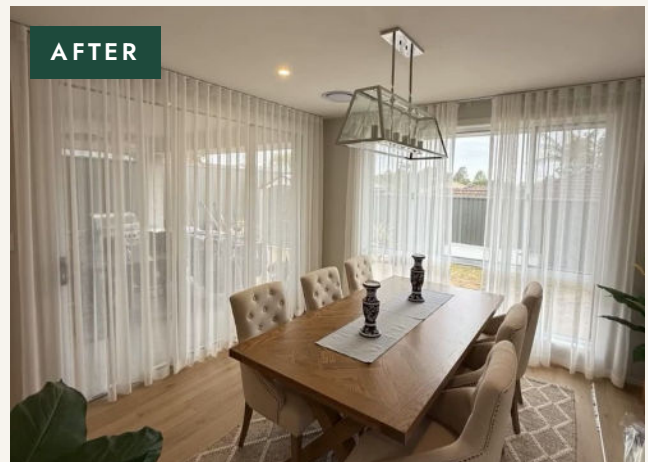

OUR PROJECTS

Homes, before and after.

A few recent jobs. The difference well-made curtains make is easiest to see side by side.

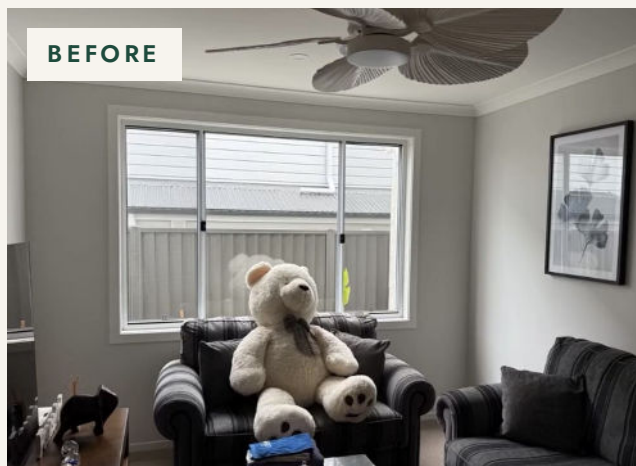

BEFORE

AFTER

Open-plan dining

Ceiling-to-floor S-Wave sheers across a sliding door and window.

BEFORE

AFTER

Family living room

A ceiling-to-floor S-Wave sheer across the full wall.

GOOD TO KNOW

Questions we're often asked.

How long will my order take?

Curtains and blinds usually take 2–3 weeks. Shutters take 3–4 weeks Australian made, or 8–10 weeks imported. We confirm your date with the quote.

Do you measure for me?

Yes. We measure every window on site, or from drawings for new builds.

Can I see the fabrics first?

Yes. The sample books for every fabric in this magazine are here in the showroom.

What's best for a bedroom?

Blockout curtains or blockout roller blinds. For soft daytime light as well, add a sheer or choose a double roller blind.

Is there a warranty?

Yes. 12 months on installation and components, and 4 years on fabric, from the date of invoice. Terms and conditions apply.

Caring for them

Curtains

Vacuum gently with a brush attachment. Check the care label before washing or dry cleaning.

Roller blinds

Dust lightly with a feather duster or low-suction vacuum. Keep window-cleaning sprays off the fabric.

Shutters

Dust the blades with a soft cloth, and wipe with a damp cloth when needed.

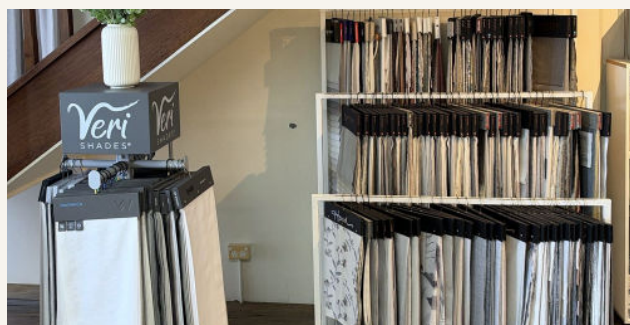

Battery motors

Recharge them when they start to slow down, using the charger supplied.
